10. Student Academic Progress Policy

(The institution is currently not eligible to offer Title IV Funding).

The Satisfactory Academic Progress Policy applies to all students enrolled in a NACCAS-approved program and is applied consistently to students enrolled in fulltime and part time schedules. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. This policy requires the institution to notify students of any evaluation that impacts the student's eligibility for financial aid, if applicable. (The institution is currently not eligible to offer Title IV Funding).

Evaluations are done based on scheduled hours and will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE (QUANTITATIVE) PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE SCHEDULED HOURS, WEEKS, AND MAXIMUM TIME ALLOWED

The institution operates all programs according to a schedule of 900 hours per academic year of instruction.

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 67% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe will be terminated by the institution. Students may re-enter as cash pay.

ACADEMIC (QUALITATIVE) PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% or higher to graduate. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

90 - 100 EXCELLENT

80 - 89 VERY GOOD

70 - 79 SATISFACTORY

0 - 69 BELOW STANDARDS – UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will be able to view their Satisfactory Academic Progress Determination forms by logging in to their student portal of the student information software. If SAP is not being met, the student will need to sign and return the Satisfactory Academic Progress Determination form. All evaluations will be completed within seven (7) school business days following each established evaluation period. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be

deemed ineligible to receive Title IV funds. (The institution is currently not eligible to offer Title IV Funding).

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds. (The institution is currently not eligible to offer Title IV Funding).

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period. (The institution is currently not eligible to offer Title IV Funding).

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

REENTRY POLICY

If a student withdraws or is terminated from a course, and wishes to reenter, he/she must submit an enrollment agreement along with a down payment. All hours that were previously earned must be paid in full. Tuition will be charged at the current hourly rate for the remaining hours of the course and any other applicable fees.

For VA students that wish to re-enter, A new enrollment agreement must be submitted. The student will have all hours earned and charged credited to them.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress

determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Payment arrangements must be made with the Director of the School at that time.

**Students receiving VA benefits will be monitored until the time the student drops, graduates, or completes the program. Unsatisfactory attendance will be reported to DVA even if the VA student completes the required number of hours and no refund is due to the student and/or refund source. Therefore, the attendance policy (20% of the total program and/or being absent for 5 consecutive days) will apply throughout the student's stay in school. All violations of attendance policy will be reported to the DVA on a VA form 22-1999b within 30 days at such time the student exceeds the allowed number of absences.

All absences will be considered unexcused except those accompanied by a doctor's excuse.

K. Leave of Absence Policy:

A Leave of Absence is when a student is granted time off due to an emergency or medical issues that makes attending school impossible. An emergency could be a death in the family, or an ill family member that needs to be cared for. When a student is granted a Leave of Absence their contract period (graduation date) will be extended by the same number of calendar days taken in the LOA. A student's contract period will be extended by the same number of calendar days taken in the LOA. These changes will be documented with an Addendum to the enrollment agreement that must be signed by all parties.

The student is still enrolled in the school, and will not be charged extra for these hours. Hours missed during a leave of absence do not need to be made up. A student will not be assessed any additional charges as a result of requesting a Leave of Absence. No more than 2 leave of absences will be granted to any student. A student will not be granted Leave of Absence if the Leave of Absence, together with any additional LOAs previously granted, exceed a total of 180 days in any 12 month period. A student granted a LOA in accordance with the institution's policy is not considered to have withdrawn and no refund calculation is required at that time. To request a Leave of Absence, the student must:

1. Complete and sign a Leave of Absence form and submit it to the Director. Unless unforeseen circumstances prevent the student from doing so, a request for Leave of Absences should be done in advance.
2. Be meeting Academic Progress.
3. Be approved by the Director.
4. Request a minimum of 14 days but not more than 30 days.

Student will be withdrawn if the student takes an unapproved LOA or does not return by the expiration of an approved LOA. The students withdrawal date for the purpose of calculating a refund, will be the students' last date of attendance.

VA students will not be certified during their leave of absence.

If a student does not return from their Leave of Absence within 30 days, the student will be terminated from the program.

L. Make-up Work & Exams:

Students should always follow their schedules to ensure they do not fall behind on hours, practical work, or exams. All practical work missed must be made up in a timely manner. Make-up exams are required and will be scheduled at the discretion of the instructor. It is the students' responsibility to communicate with the instructor and make arrangements to make-up any missed exams or practical work. Being late and/or absent will result in loss of 10 points.

M. Student Grievance:

In accordance with the institution's mission statement, the school will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
4. If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendations of the committee.
